PRESS RELEASE

Spectrum Regulatory Solutions launches new website

Spectrum Regulatory Solutions, a regulatory consultancy group for the pharmaceutical industry, has just relaunched its international internet presence at www.spectrumrs.com. The [new-look website](#) serves as a central contact point for those with little time to spare, with a need for rapid access to expertise and to [get connected](#) with a consultant.

A key benefit is the [new login page](#) where visitors may access and download Spectrum's presentation materials on hot topics, relevant and timely articles, brochures and processes.

The new website has been designed:

- ≈ to reflect the growing range of services across many [therapeutic areas](#)
- ≈ as a [portal](#) with company news, hot topics in regulatory affairs/ pharmacovigilance and upcoming conferences
- ≈ to focus on the needs of clients and users
- ≈ with access to many [useful links](#) to a host of sites offering detailed guidances on many issues
- ≈ for improved usability, navigation and alternative text sizing options
- ≈ to allow regular updates with the latest developments and [news](#), so that visitors can easily access specific information or alternatively gain a general overview of Spectrum Regulatory Solutions.

Angela Gisby, Director, comments, "I am delighted to announce the launch of our [new website](#), which reflects a strong brand identity. Our key goal is to deliver continuity and reliability that wins approval for all of our clients. The [testimonials](#) and [biographies](#) pages in particular provide evidence of an experienced team with a strong track record of delivering excellence."

Further information on Spectrum Regulatory Solutions can be found at www.spectrumrs.com, by calling 01403 320280, or by emailing regulate@spectrumrs.com.

NOTES FOR EDITORS:

Company information

Spectrum Regulatory Solutions is dedicated to providing a high quality EU regulatory affairs and pharmacovigilance consulting service to pharmaceutical and biotechnology companies world-wide.

- ≈ Spectrum supplies strategic advice and implementation with the necessary expertise to ensure regulatory approval in all phases of the drug development process, whether for a new chemical entity or for routine licence maintenance.
- ≈ Spectrum provides all major regulatory affairs and pharmacovigilance services to Pharmaceuticals, Biotech, Clinical, Generics, Herbal Medicines, Consumer Healthcare, Medical Devices, Nutraceuticals and Veterinary healthcare verticals.
- ≈ Spectrum prepares documentation for regulatory submissions and pharmacovigilance activities, covering pharmaceutical, biological, generic/biosimilar, over-the-counter, herbal and advanced therapy medicinal products, as well as medical devices and borderline substances. Specialists in agrochemicals and veterinary medicine are also available to our clients.
- ≈ Spectrum knows the industry and can respond rapidly to your regulatory and pharmacovigilance outsourcing requirements by providing access to experienced medical writers, regulatory experts, and pharmacovigilance specialists.

[Get connected](#) to our team of highly skilled, experienced consultants, whether you need quick solutions or longer term partnerships. All members of our [management team](#) have themselves worked in global pharmaceutical companies and our consultants are drawn from industry, academia, healthcare, regulatory authorities and CROs.
