

PROFESSIONAL DEVELOPMENT RESOURCES CALENDAR 2019

Your guide to TOPRA's
course schedule for 2019

The Organisation for
Professionals in Regulatory Affairs

Welcome to TOPRA's 2019 Courses and Conferences Calendar

We are here to support you and your team through every career stage

Although every individual career pathway is different, five key 'stages' apply to any regulatory career:

EXPLORE

For those wanting to take their first step into regulatory affairs; or for those in related disciplines who are considering a change of career direction or who need an overview

ESTABLISH

For those who have recently joined the regulatory profession; or for those whose regulatory experience is outside the EU

CONSOLIDATE

For experienced professionals committed to developing their regulatory knowledge, expertise and management competencies

DRIVE

For senior-level regulatory professionals taking on additional/strategic responsibilities or for those looking to diversify their skills

INFLUENCE

For regulatory leaders and opinion-formers engaging in discussion, debate and networking opportunities across the regulatory profession and at a global level

Benefits of TOPRA's training opportunities

- Top quality training designed for the needs of regulatory affairs professionals
- Expert speakers from industry-leading companies, consultancies and regulatory authorities
- Interactive opportunities to apply your new knowledge and develop key skills
- Excellent networking opportunities to help you grow your peer group
- CPD hours automatically assigned for members which will help you maintain your Chartered status once you achieve it.

What's new?

Following feedback from our members, we are pleased to provide you with this visual overview of our 2019 activities to help you and your team make the most of our training and professional development opportunities.

The Calendar will enable you to easily plan your own and your team's training for the year ahead – and request budget allocation from your organisation.

Used in conjunction with the TOPRA Competency Framework, the Calendar can be used as a professional development tool – as well as a training allocation and budgetary planning aid.

The Masterclass courses can be taken as part of the MSc Regulatory Affairs (Medicines/ Medical Devices). Get the recognition you deserve for the training you do.
